2nd-level enchantment

Casting Time Action or Ritual ◆ **Range** 30 feet ◆ **Components** V, S, M (a morsel of food) ◆ **Duration** 24 hours

A Tiny Beast of your choice that you can see within range must succeed on a Charisma saving throw, or it attempts to deliver a message for you (if the target's Challenge Rating isn't 0, it automatically succeeds). You specify a location you have visited and a recipient who matches a general description, such as "a person dressed in the uniform of the town guard" or "a red-haired dwarf wearing a pointed hat." You also communicate a message of up to twenty-five words. The Beast travels for the duration toward the specified location, covering about 25 miles per 24 hours or 50 miles if the Beast can fly. COMMUNE WITH NATURE

5th-level divination

Casting Time 1 minute or Ritual ◆ **Range** Self ◆ **Components** V, S ◆ **Duration** Instantaneous

You commune with nature spirits and gain knowledge of the surrounding area. In the outdoors, the spell gives you knowledge of the area within 3 miles of you. In caves and other natural underground settings, the radius is limited to 300 feet. The spell doesn't function where nature has been replaced by construction, such as in castles and settlements. Choose three of the following facts; you learn those facts as they pertain to the spell's area: • Locations of settlements • Locations of portals to other planes of existence • Location of one Challenge Rating 10+ creature (GM's choice) that is a Celestial, an Elemental, a Fey, a Fiend, or an Undead • The most prevalent kind of plant, mineral, or Beast (you choose which to learn) • Locations of bodies of water For example, you could determine the location of a powerful monster in the area, the locations of bodies of water, and the locations of any towns.

ANIMAL SHAPES

8th-level transmutation

Casting Time Action ◆ **Range** 30 feet ◆ **Components** V, S ◆ **Duration** 24 hours

Choose any number of willing creatures that you can see within range. Each target shape-shifts into a Large or smaller Beast of your choice that has a Challenge Rating of 4 or lower. You can choose a different form for each target. On later turns, you can take a Magic action to transform the targets again. A target's game statistics are replaced by the chosen Beast's statistics, but the target retains its creature type; Hit Points; Hit Point Dice; alignment; ability to communicate; and Intelligence, Wisdom, and Charisma scores. The target's actions are limited by the Beast form's anatomy, and it can't cast spells. The target's equipment melds into the new form, and the target can't use any of that equipment while in that form. The target gains a number of Temporary Hit Points equal to the Hit Points of the first form into which it shape-shifts. These Temporary Hit Points vanish if any remain when the spell ends. The transformation lasts for the duration or until the target ends it as a Bonus Action.

This spell channels vitality into plants. The casting time you use determines whether the spell has the Overgrowth or the Enrichment effect below. Overgrowth. Choose a point within range. All normal plants in a 100-foot-radius Sphere centered on that point become thick and overgrown. A creature moving through that area must spend 4 feet of movement for every 1 foot it moves. You can exclude one or more areas of any size within the spell’s area from being affected. Enrichment. All plants in a half-mile radius centered on a point within range become enriched for 365 days. The plants yield twice the normal amount of food when harvested. They can benefit from only one Plant Growth per year.

SPIKE GROWTH

2nd-level transmutation

Casting Time Action ◆ **Range** 150 feet ◆ **Components** V, S, M (seven thorns) ◆ **Duration** Concentration, up to 10 minutes

The ground in a 20-foot-radius Sphere centered on a point within range sprouts hard spikes and thorns. The area becomes Difficult Terrain for the duration. When a creature moves into or within the area, it takes 2d4 Piercing damage for every 5 feet it travels. The transformation of the ground is camouflaged to look natural. Any creature that can't see the area when the spell is cast must take a Search action and succeed on a Wisdom (Perception or Survival) check against your spell save DC to recognize the terrain as hazardous before entering it.

SPEAK WITH PLANTS

3rd-level transmutation

Casting Time Action ◆ **Range** Self ◆ **Components** V, S ◆ **Duration** 10 minutes

You imbue plants in an immobile 30-foot Emanation with limited sentience and animation, giving them the ability to communicate with you and follow your simple commands. You can question plants about events in the spell's area within the past day, gaining information about creatures that have passed, weather, and other circumstances. You can also turn Difficult Terrain caused by plant growth (such as thickets and undergrowth) into ordinary terrain that lasts for the duration. Or you can turn ordinary terrain where plants are present into Difficult Terrain that lasts for the duration. The spell doesn't enable plants to uproot themselves and move about, but they can move their branches, tendrils, and stalks for you. If a Plant creature is in the area, you can communicate with it as if you shared a common language.

SPEAK WITH ANIMALS

1st-level divination

Casting Time Action or Ritual ◆ **Range** Self ◆ **Components** V, S ◆ **Duration** 10 minutes

For the duration, you can comprehend and verbally communicate with Beasts, and you can use any of the Influence action's skill options with them. Most Beasts have little to say about topics that don't pertain to survival or companionship, but at minimum, a Beast can give you information about nearby locations and monsters, including whatever it has perceived within the past day.

TREE STRIDE

5th-level conjuration

Casting Time Action ◆ **Range** Self ◆ **Components** V, S ◆ **Duration** Concentration, up to 1 minute

You gain the ability to enter a tree and move from inside it to inside another tree of the same kind within 500 feet. Both trees must be living and at least the same size as you. You must use 5 feet of movement to enter a tree. You instantly know the location of all other trees of the same kind within 500 feet and, as part of the move used to enter the tree, can either pass into one of those trees or step out of the tree you're in. You appear in a spot of your choice within 5 feet of the destination tree, using another 5 feet of movement. If you have no movement left, you appear within 5 feet of the tree you entered. You can use this transportation ability only once on each of your turns. You must end each turn outside a tree.

TRANSPORT VIA PLANTS

6th-level conjuration

Casting Time Action ◆ **Range** 10 feet ◆ **Components** V, S ◆ **Duration** 1 minute

This spell creates a magical link between a Large or larger inanimate plant within range and another plant, at any distance, on the same plane of existence. You must have seen or touched the destination plant at least once before. For the duration, any creature can step into the target plant and exit from the destination plant by using 5 feet of movement.

TINY HUT

3rd-level evocation

Casting Time 1 minute or Ritual ◆ **Range** Self ◆ **Components** V, S, M (a crystal bead) ◆ **Duration** 8 hours

A 10-foot Emanation springs into existence around you and remains stationary for the duration. The spell fails when you cast it if the Emanation isn't big enough to fully encapsulate all creatures in its area. Creatures and objects within the Emanation when you cast the spell can move through it freely. All other creatures and objects are barred from passing through it. Spells of level 3 or lower can't be cast through it, and the effects of such spells can't extend into it. The atmosphere inside the Emanation is comfortable and dry, regardless of the weather outside. Until the spell ends, you can command the interior to have Dim Light or Darkness (no action required). The Emanation is opaque from the outside and of any color you choose, but it's transparent from the inside. The spell ends early if you leave the Emanation or if you cast it again.

WALL OF THORNS

6th-level conjuration

Casting Time Action ◆ **Range** 120 feet ◆ **Components** V, S, M (a handful of thorns) ◆ **Duration** Concentration, up to 10 minutes

You create a wall of tangled brush bristling with needle-sharp thorns. The wall appears within range on a solid surface and lasts for the duration. You choose to make the wall up to 60 feet long, 10 feet high, and 5 feet thick or a circle that has a 20-foot diameter and is up to 20 feet high and 5 feet thick. The wall blocks line of sight. When the wall appears, each creature in its area makes a Dexterity saving throw, taking 7d8 Piercing damage on a failed save or half as much damage on a successful one. A creature can move through the wall, albeit slowly and painfully. For every 1 foot a creature moves through the wall, it must spend 4 feet of movement. Furthermore, the first time a creature enters a space in the wall on a turn or ends its turn there, the creature makes a Dexterity saving throw, taking 7d8 Slashing damage on a failed save or half as much damage on a successful one. A creature makes this save only once per turn. Using a Higher-Level Spell Slot. Both types of damage increase by 1d8 for each spell slot level above 6.

BAG OF HOLDING

Wondrous Item, Uncommon

This bag has an interior space considerably larger than its outside dimensions - roughly 2 feet square and 4 feet deep on the inside. The bag can hold up to 500 pounds, not exceeding a volume of 64 cubic feet. The bag weighs 5 pounds, regardless of its contents. Retrieving an item from the bag requires a Utilize action. If the bag is overloaded, pierced, or torn, it is destroyed, and its contents are scattered in the Astral Plane. If the bag is turned inside out, its contents spill forth unharmed, but the bag must be put right before it can be used again. The bag holds enough air for 10 minutes of breathing, divided by the number of breathing creatures inside. Placing a Bag of Holding inside an extradimensional space created by a Handy Haversack, Portable Hole, or similar item instantly destroys both items and opens a gate to the Astral Plane. The gate originates where the one item was placed inside the other. Any creature within a 10-foot-radius Sphere centered on the gate is sucked through it to a random location on the Astral Plane. The gate then closes. The gate is one-way and can’t be reopened.

This figurine can become a Giant Goat for up to 3 hours. The goat can't attack, but you can (harmlessly) remove its horns and use them as weapons. One horn becomes a +1 Lance, and the other becomes a +2 Longsword. Removing a horn requires a Magic action, and the weapons disappear and the horns return when the goat reverts to figurine form. While you ride the goat, any Hostile creature that starts its turn within a 30-foot Emanation originating from the goat must succeed on a DC 15 Wisdom saving throw or have the Frightened condition for 1 minute, until you are no longer riding the goat, or until the goat reverts to figurine form. The Frightened creature repeats the save at the end of each of its turns, ending the effect on itself on a success. Once it succeeds on the save, a creature is immune to this effect for the next 24 hours. Once the figurine has been used, it can't be used again until 15 days have passed. Goat of Traveling. This figurine can become a Large goat with the same statistics as a Riding Horse. It has 24 charges, and each hour or portion thereof it spends in goat form costs 1 charge. While it has charges, you can use it as often as you wish. When it runs out of charges, it reverts to a figurine and can't be used again until 7 days have passed, when it regains all expended charges. Goat of Travail. This figurine can become a Giant Goat for up to 3 hours. Once it has been used, it can't be used again until 30 days have passed.
